

## August 2010 – Transferee Survey Feedback

- The package itself is great...but the WHR people make it come alive. Truth is that I prefer talking to WHR people - they treat one as a respected customer. They are THE BEST vendor we use as an enterprise. They can show us a few things about customer service and responsiveness. They are the best.
- My Relocation Coordinator has been extremely helpful (and patient!) throughout this process - nothing but positive things to say about her performance and attitude. Thank you!
- These two people have the much needed human touch! Both of them are fantastic. Couldn't ask to work with more competent, kind people. Kudo's to you all!
